

25/5

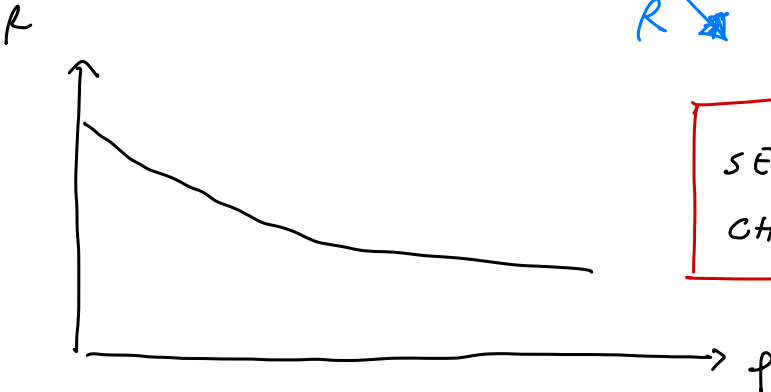

$$R = \frac{V}{I}$$

CONTACT AREA

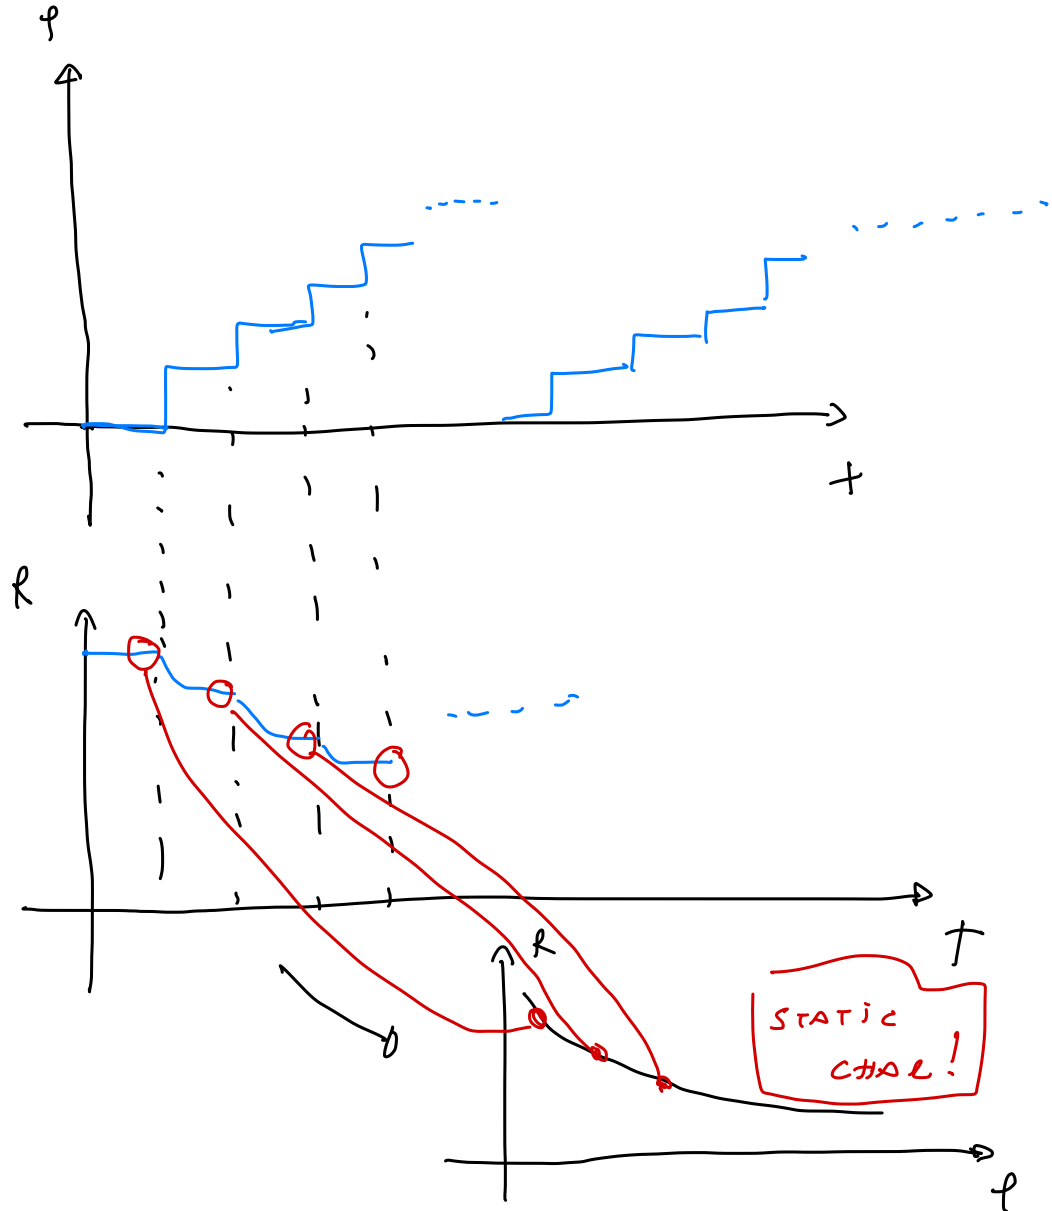

$$R = p \frac{l}{A}$$

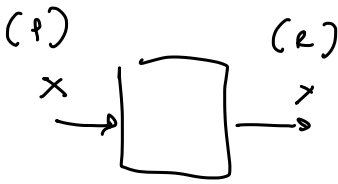

SENSOR STATIC
CHARACTERISTIC

① CHARACTERIZ EXPONENT? (static)

② SENSITIVITY?

$$S = \frac{\frac{dX}{dX}}{\frac{dR}{dP}} = \frac{dR}{dP} \left[\frac{k\Omega}{kPa} \right]$$

SENSITIVITY

EVALUATED ON THE STATIC CHARACTERISTIC

LINEAR $\rightarrow S$ IS A NUMBER!

NON LINEAR? $\rightarrow S(p)$
